III. Public Acknowledgements / Communications

The Chair recognized Councilwoman Cynthia Fogarty who was present at this meeting.

IV. Chairperson Communications

There were no chairperson communications.

V. Superintendent Communications

Mrs. Ciarlo reported that the school district received back from the State an excellent report of the SALT Visit to the Woodridge Elementary School. It is embargoed from the public right now, but the preliminary information she has read is excellent. In the area of assessment scores, they will be published shortly; and again for the second year in a row the district will not have a school that is low performing.

VI. School Committee Member Communications

Mr. Lupino reported that as a member of the School Buildings Committee the Cranston East project is proceeding on schedule. There is a Design Review meeting scheduled for tomorrow afternoon. Mr. Zisseron has assured the contractor that the areas that will be potentially demolished will be available for the contractor to start on time. He will keep the public and School Committee updated as the

project moves along.

Mr. Lupino noted that this is the School Committee's last meeting at Western Hills for this season. The next three meetings, June, July, and August, will be held at Hope Highlands School for the summer months.

VII. Public Hearing

a. Students (Agenda/Non-agenda Items)

b. Members of the Public (Agenda Matters Only)

There were no student speakers or members of the public who wished to speak on agenda items.

POLICY AND PROGRAM

NO. 06-5-34 - RESOLVED, that at the recommendation of the Superintendent, the following Field Trips of Long Duration be authorized:

Chef Martha Sylvestre, supervising teacher; Lynda Wagner, Director/Principal; Elaine Arbor, Child Development teacher; Janis McGuirl, and twelve students

Page 10 May 15, 2006

from the Cranston Area Career & Technical Center to attend the National Skills USA Conference in Kansas City, Missouri June 18, 2006 to June 24, 2006.

Amanda Kanaczet and Jennifer Holdridge, Future Problem Solvers Advisors, and four students from Western Hills Middle School to

attend the International Problem Solvers Conference at Colorado State University, Fort Collins, Colorado from June 1, 2006 to June 4, 2006.

Christine Luther-Morris, supervising teacher at Cranston High School West, and five students to travel to Colorado State University at Fort Collins, Colorado from May 31, 2006 to June 4, 2006 to attend and participate in the International Competition for Problem Solvers.

Moved by Mrs. Greifer, seconded by Ms. Iannazzi and unanimously carried that these Resolutions be adopted.

Mrs. Ciarlo stated that there were some resignations and retirements, and she wished to comment on two of the retirements. Ernest Bonaventure, after thirty-five years as Assistant Principal for Student Support Services at Cranston High School East, is retiring. He has been a dedicated worker in this school system for thirty-five years. Everyone wishes him well although they are sad to see him leave. The school district received a resignation which is very difficult to accept, but they do understand it. Donald Frederick will no longer be Principal of Cranston High School East but is moving to assume that position at Attleboro High School. Don has done much for Cranston East in working with the staff and bringing it to where it is now. She knows that he will continue that work and that Cranston East will continue its work. She wished Don well.

Mrs. Greifer commented on the retirement of Sgt. Fratiello from the JROTC Program at Cranston High School East. He has been there since the inception of the program which began approximately eighteen years ago. He has been invaluable in building that program. Her son was a member of that program for his four years of high school. The program will miss him greatly.

Mr. Lupino stated that besides giving the city a sense of re-establishing a sense of community at Cranston East and getting East off probation with NEASC, he did create a very good sense of community at that school. The one thing he will be missed for is his ability to mentor people under his care and control and to nurture them. Long after he is gone there will be many members of his team who will carry on the work that he started. Mr. Lupino wished him good luck.

Deirdre London, Director of Grants, stated that Valerie Salinas is resigning from the position of Bain Plus 2 After School Program which is one of the 21st Century after school programs. She has been in the district for three years, two in this position as

Page 11 May 15, 2006

manager. She has done an outstanding job. They have approximately 100 Bain students after school every day. During the vacations, they take them on field trips. They have summer programs

as well. She has brought just a wonderful, cohesive enrichment program to Bain Plus 2. She will miss her but wished her well.

Moved by Mrs. Greifer and seconded by Mr. Archetto that this Resolution be adopted.

Mr. Traficante remarked that being a former wrestling coach and a former wrestler, he knows the will and the fortitude it takes to win a wrestling state championship.

Mr. Traficante read the Resolution and presented it to the students. A photograph was taken.

Mr. Lupino commented that he had the good fortune of being at the dual meet at Bishop Hendricken High School, and it was down to the wire. It was an exciting experience, and he really enjoyed it.

This Resolution was adopted unanimously.

NO. 06-5-5 – Whereas, Ryan Thompson did an outstanding job as a member of the Cranston High School West boys' basketball team during the 2005-2006 winter sports season, and

Whereas, helping guide his team to a 14-4 league record which was good enough to capture the Division I-Central Championship and a team best 23-5 overall record landing them in the most exciting Division I State Championship game played at the Ryan Center against Bishop Hendricken falling 71-69 in the final seconds, and

Whereas, through his continued hard work, endless preparation, and dedication throughout the entire basketball season averaged 12 points, 11 rebounds and 6 blocked shots per game and was widely considered the most dominating defensive force in Rhode Island in quite some time, and

Whereas, because of his outstanding personal accomplishments throughout the entire basketball season has been recognized as a 2005-2006 Providence Journal First Team All State selection,

Be it RESOLVED that Ryan Thompson be congratulated by the Cranston School Committee for his hard work and dedication to the sport of basketball, and

NO. 06-5-12 - Whereas, the Cranston School Committee believes that a formal yearly assessment of the Cranston Public Schools forms an

important basis for continued positive communication with the Cranston Public Schools' administration, and

Whereas, under-funding of the Cranston Public Schools' budget has at times forced the district to re-assess the financial and educational needs of the district, along with re-configuration of programs and building usage,

Be it RESOLVED that the Cranston Public Schools' administration present to the Cranston School Committee a yearly State of the Cranston Public Schools' Report.

Page 19 May 15, 2006

Be it further RESOLVED that the report give as accurate a view of the Cranston Public Schools' system as possible, taking into consideration (but not limited to) the latest population figures and trends, demographics, mandates, proposed requirements from federal and state governing agencies, asset protection, and capital requirements of the district's buildings, along with a sincere effort to address any possible short and/or long-term reconfiguration of programs and/or use of buildings.

Be it also RESOLVED that the report be discussed at the first public work session following the annual population report date (October

1st as prescribed by the Rhode

Island Department of Education) and that the report be discussed and accepted on or before the November School Committee meeting, in order to prepare the members of the School Committee and other interested parties, for issues upon which the budget for the next fiscal year will be based.

Moved by Ms. Iannazzi and seconded by Mrs. Greifer that this Resolution be adopted.

Mr. Lupino commented that he consulted with Mrs. Greifer on this Resolution. He didn't want to have any misunderstanding. A lot of information that is included in this Resolution is passed on to the School Committee. This Resolution is looking for a formal process to receive this information. At times, he has received any and all of this information, but sporadically through the year. Realizing that some of these things do change through the year, just as the committee does budget adjustments through the year and budget revisions, he would expect that at some point in time make adjustments to this. Particularly with under funded budgets in the last few years, make no mistake about it, Horton School was voted to be closed last month; and that was on the radar screen for a couple of years. However, it wasn't until he walked into a budget hearing that he was told that the recommendation was that they were going to close it. A little more heads up situation in some of these cases would be appreciated. He is primarily looking for a heads up to what methodology is being used

to craft the budget by having the projections and by having some idea of what they are looking for, asset protection and capital requirements in the district and trends. By the end of the legislative session, the committee knows the effect mandates are going to have on the district. He would like to see more of a formal situation, and that is why he decided to put it on for the work session in November and then present it to the School Committee. He emphasized that there is no reflection that there is a lack of this knowledge, but this would help future School Committees so that it would be in a concise manner. Certainly, people from the City Council and parents would have an understanding.

Mrs. Greifer stated that she envisions this to be something like a state of the union, state of the state type report, or a state of the schools report. It will be something to pull together all the information the committee gets in bits and pieces at various meetings and lump it together in one nice report that the committee can look back on if they need to.

NO. 06-5-13 - RESOLVED, that the Cranston School Committee appropriates \$500 to the Horton Elementary School parent group for

an end-of-the-year and school closing event.

Moved by Mr. Archetto and seconded by Mrs. Greifer that this Resolution be adopted.

Mr. Archetto stated that the committee members and the public know that an elementary school was closed this year. There were many hours of discussion. The PTO group at the school is planning an end-of-the-year event closing the school. They have requested additional funds for that event. He commented that he was requesting \$500 to be appropriated to the Horton School PTO.

Mrs. Greifer commented that in light of the situation with the school budget and the fact that this might set a precedent of appropriating funds to the PTO's when the School Committee has very little funds of its own, she offered a friendly amendment to this Resolution that would limit their appropriation to the waiving of any and all custodian fees that might be accrued to the holding of this event after school hours.

Mr. Archetto accepted Mrs. Greifer's friendly amendment.

Mrs. Greifer read the amended version of this Resolution:

RESOLVED, that the Cranston School Committee appropriate a sum equal to the cost of the custodian's fees to be held during the

cookout for the Horton Elementary School end-of-year and school closing event.

Mr. Traficante stated that it was his understanding that each individual school has some type of a kitty known as the school fund or the principal's fund. He asked if there were any monies left in that account at Horton School. Mrs. Casale, Principal of Horton School, indicated that the school has very limited funds, which is approximately \$63. As far as the PTO funds are concerned, she stated that she didn't know how much they had. They have their own checking account.

Mr. Lupino added that the School Committee has taken a hands-off approach particularly since legislation a few years ago was passed that prohibited certain types of fund raising. A directive was sent out that is used for fund raising, and it is a hands-off approach. The committee doesn't know what they are raising or spending. It is an elected board by the parents, and they do what they think is the best thing. He agreed with Mrs. Greifer that as opposed to appropriating he wished to include the word "waive". He offered a friendly amendment that the Resolution would read as follows:

Page 21 May 15, 2006

RESOLVED that the Cranston School Committee waives custodial over-time fees related to the Horton Elementary School Parent Group

in association with their end-of-the year school closing event.

Mr. Traficante asked if the committee would be excluding the \$500, and Mr. Lupino responded that they would be excluding it.

Mrs. Greifer mentioned that the Parent Teacher Group at Horton School has a limited amount of funds. They have said that if they had anything left over at the end of the year they would donate it to COZ, but usually by this time of the year, PTO's have expended virtually all of their funds or have committed them to field trips and at the end of the year have close to a zero balance. She was assuming that the same would be true in this case.

Mr. Lupino stated that it should also be mentioned that the receiving schools, Woodridge and Stadium, are both planning some type of welcoming ceremony, sort of a new beginning situation as opposed to this which is a closing event.

This Resolution as amended was adopted unanimously.

This Resolution now reads:

NO. 06-5-13 - RESOLVED that the Cranston School Committee waives custodial over-time fees related to the Horton Elementary School Parent Group in association with their end-of-the year school closing

event.

ADMINISTRATION

PERSONNEL

NO. 06-5-14 - RESOLVED, that at the recommendation of the Superintendent, the appointment of Assistant Principal for Academic Affairs, Cranston High School East, be approved.

Moved by Mrs. Greifer and seconded by Mr. Archetto that this Resolution be adopted.

Mrs. Ciarlo stated that this Resolution is to recommend the appointment of an Assistant Principal for Academic Affairs at Cranston High School East. It was her pleasure to recommend Diana Petrosinelli who has been a teacher at Cranston High School East for approximately five years. She is also this year's one of two Milliken winners of an award. She is in Washington, DC this week to receive this very prestigious award. She has been a very successful English teacher and one who has worked on the NEASC and the accreditation proposal for East. This position in the past was called Director of

Page 22 May 15, 2006

Guidance and then it became Assistant Principal for Student Services. In this day and age, the school district has to find ways to

make the classrooms more appealing to the students. Mrs. Ciarlo recommended Diana to the committee without reservation.

This Resolution was adopted unanimously.

Mrs. Ciarlo commented that this type of work is going to be so intense in working with department chairs, curriculum, and on secondary reform, that it is not something in addition to scheduling that one person can do. Administration is developing the team approach, and so one of the district's very successful assistant principals at Cranston East, is Ms. Jeannine Nota. Jeannine has been an Assistant Principal at Cranston East, and she will assume the responsibilities of Academic Affairs Assistant Principal just as Diana is doing. The two of them will be working together with the principal and staff to make sure the academic program and all the related services meet the 21st Century needs.

NO. 06-5-15 - RESOLVED, that at the recommendation of the Superintendent, the appointment of Assistant Principal for Academic Affairs, Cranston High School West, be approved.

Moved by Ms. Iannazzi and seconded by Mrs. Greifer that this Resolution be adopted.

Mrs. Ciarlo stated that this Resolution is to appoint an Assistant Principal for Academic Affairs at Cranston High School West. Ms.

Jean Larkin who has been the Assistant Principal for Student Services is retiring after ten years of service at Cranston West. This is going to be a very similar program at Cranston East meeting the academic needs of the students. Administration can teach anyone how to schedule, but the important thing is to know what to put in the schedule so that students have opportunities to take the courses that they need for their future. It was her pleasure to recommend Mrs. Lynne Burke for this position. Lynne has been a teacher in Cranston for nineteen years. She has been a very successful English teacher and has been an administrative intern in the Aspiring Principals Program. She has been a librarian and presently oversees the digital portfolio program at Cranston West. She has a BA from Rhode Island College and an MLS from the University of Rhode Island. Mrs. Ciarlo noted that there are Type A people, and Lynne is triple A in those terms. She knows that Lynne will make some excellent contributions to Cranston High School West. Mrs. Ciarlo recommended Lynne Burke to the School Committee without reservation.

This Resolution was adopted unanimously.

NO. 06-5-16 - RESOLVED, that at the recommendation of the Superintendent, the appointment of Elementary Principal, be approved.

Moved by Mrs. Greifer and seconded by Mr. Archetto that this Resolution be adopted.

Mrs. Ciarlo stated this Resolution is to appoint an Elementary Principal. It was her pleasure to recommend Stephanie Des Marias as Principal of the Eden Park School. Stephanie has been in Cranston for three years. She came as a reading specialist and has worked very successfully in Cranston. Earlier this year the principal of the building retired, and Stephanie was asked to step in and take over. She has done that, and it is a smooth running ship. Some very interesting things are happening at Eden Park School. It would make sense to have Stephanie stay there. It was Mrs. Ciarlo's pleasure to recommend Stephanie to the committee without reservation.

This Resolution was adopted unanimously.

NO. 06-5-17 RESOLVED, that at the recommendation of the Superintendent, the appointment of Elementary Principal, be approved.

Moved by Mrs. Greifer and seconded by Mr. Archetto that this Resolution be adopted.

Mrs. Ciarlo stated that this Resolution is to appoint an Elementary Principal. It was her pleasure to recommend Mrs. Linda Stanelun for

the position of Principal of the Oak Lawn Elementary School. Linda has been with the district for some nineteen years. She has been a very successful teacher at both Hope Highlands and Western Hills Middle School. She has been in the Aspiring Principals Program and has been an elementary math coach. Mrs. Ciarlo was sure she would continue in the fine tradition of Oak Lawn School in the future. It was her pleasure to recommend Linda to the committee without reservation.

This Resolution was adopted unanimously.

NO. 06-5-18 RESOLVED, that at the recommendation of the Superintendent, the appointment of Elementary Principal, be approved.

Moved by Mrs. Greifer and seconded by Ms. Iannazzi that this Resolution be adopted.

Mrs. Ciarlo stated that this Resolution is to appoint an Elementary Principal. It was her pleasure to recommend Joseph Rotz for the position of Elementary Principal at the Chester Barrows School. Joe has been in the district for a few years. He is a natural born teacher. He has worked at two of the middle schools, and for the past 1-1/2 months he has helped out at the Barrows School. She thought they would shoot her if she were to take Joseph away from them now. He has done an excellent job, and she knows that he will continue to do

so. It was her pleasure to recommend Joseph to the committee without reservation.

Page 24 May 15, 2006

This Resolution was adopted unanimously.

Mrs. Ciarlo announced that there is a vacancy at the Garden City School. It was her pleasure to recommend and to honor the request of Mrs. Mary Anne Casale who has been the Principal of the Horton Elementary School to become the new Principal of the Garden City School. Mary Anne has an excellent background in both regular education and special education. She knows that Mary Anne will continue the good work that has begun at Garden City School, so she recommended Mary Anne to the committee without any reservation.

NO. 06-5-35 - Whereas, the New England Association of Schools and Colleges, Inc. requires that the Cranston School Committee adopt the School and Community Profile for Cranston High School West,

Be it RESOLVED that the Cranston School Committee adopt the attached School and Community Profile for Cranston High School West.

Moved by Mrs. Greifer and seconded by Ms. Iannazzi that this

Resolution be adopted.

Mr. Traficante moved to amend this Resolution on page 2 of the document as follows. He stated it was the third paragraph on page 2. It should read as follows:

According to the latest SALT Survey (2004/2005), Cranston spends \$11,456 per student at CHSW. This expenditure compares to the state cost of \$12,036 per student.

Ms. Iannazzi seconded the motion.

This Amendment was adopted unanimously.

This Resolution as amended was adopted unanimously.

TABLED RESOLUTION

NO. 06-3-20 – RESOLVED, that at the recommendation of the Superintendent, the termination of non-certified Employee A be accepted.

Moved by Ms. Iannazzi, seconded by Mrs. Greifer and unanimously carried to remove this Resolution from the table.

Moved by Mrs. Greifer, seconded by Ms. Iannazzi and unanimously carried that this Resolution be adopted.

X. New Business

There was no new business to discuss.

XI. Public Hearing on Non-agenda Items

There were no speakers on non-agenda items.

Mr. Lupino noted that two parent representatives were present from Orchard Farms School. He told them to keep up the post card situation. They are to be commended for their work. One of the parents said that over 1,000 post cards have been sent. Mr. Lupino told them that it is very important to keep this up. They should now send them to the Legislature, Senators, and Representatives. It is very appreciated, but some state help is needed on the budget.

XII. Announcement of Future Meetings

The next School Committee meeting will take place on Monday, May

22nd, in the Briggs Building. The June, July, and August meetings will be held at Hope Highlands School.

XIII. Adjournment

Moved by Mrs. Greifer, seconded by Ms. Iannazzi and unanimously carried to adjourn the meeting.

**There being no further business to come before the meeting, it was adjourned at
8:00 p.m.**

Respectfully submitted,

**Anthony J. Lupino
Clerk**

FINANCIAL IMPACT ANALYSIS / COLLECTIVE BARGAINING AGREEMENTS

Whenever a collective bargaining agreement or other employee wage and benefit agreement is proposed, the Superintendent shall present a financial impact analysis for each fiscal year of the proposed bargaining agreement prior to consideration and vote for ratification. The impact analysis and terms of the agreement must be made public and placed on the school department's website at least 72 hours prior to a vote for ratification.

Policy Adopted: CRANSTON PUBLIC SCHOOLS

Resolution No.: CRANSTON, RI

Cranston High School West

80 Metropolitan Avenue, Cranston, Rhode Island 02920

School and Community Profile

Incorporated in 1910, Cranston, Rhode Island, a city of approximately

80,000 people, is part of the large metropolitan area of Providence and is located just south of the Capital City, with 3 ½ miles of shoreline on the Providence River where it begins to broaden into Narragansett Bay. It is the third largest municipality in Rhode Island. Cranston is also bounded by the City of Warwick and the Town of West Warwick on the south, and by the Towns of Scituate and Johnston on the north. Cranston has a geographical area of 28.2 square miles.

Cranston is a diverse community in terms of income, age, education, and ethnic composition. The population grew by 4% during the 1990s, keeping pace with the rest of the state. Most of the overall growth was the result of the doubling of the Hispanic population, which is currently 5%. Caucasians make up 87% of the city's population, African-Americans account for 3%, Asians 3%, and other races make up the remaining 2%.

The median income in Cranston is \$55,241, which is a 1% increase over the last decade. According to the Rhode Island Realtors Association, the median price of an average, single-family housing unit is approximately \$265,000. Almost 25% of the households have incomes of \$75,000 or more, a rate higher than most urban ring communities. The poverty level has risen by 1% in the last ten years from 5% to 6%. There are 1,141 families currently living below the poverty level in Cranston; of those families, 26% are single parent females, another 9% are under the age of 18, and 8% are over the age

of 65. Public school students eligible for free and reduced lunch accounted for 20% (2,178) of the total Cranston school population. Currently, 7% of the students at Cranston High School West (CHSW) receive free or reduced lunch.

Numerous financial, manufacturing, retail and service businesses are located in the city of Cranston. According to the 2000 census, 31% (up from 26%) are service industry jobs, 23% (down from 25%) are retail, and 4% (down from 5%) are finance. The largest employer in Cranston is the City of Cranston itself, employing 1,950 people. Other notable employers are Swarovski Jewelry (524), Citizens Bank (500), Taco, Inc. (500), Ross Simon Jewelers (400), Pepsi Co. (230). The unemployment rate, according to the Bureau of Labor Statistics, was 5.5% in 2004. This rate represents a decrease of -0.6% from the previous record.

The 2000 census statistics reflect a population of 17,098 under the age of 18 in the city of Cranston. Statistics from the Cranston Public Schools for the 2005-06 school year show 10,976 school age children are served by 24 public schools. There are 18 elementary schools, K through 5; three middle schools,

Page 2

Cranston High School West School and Community Profile

grades 6 through 8; two high schools, grades 9 through 12; one regional career and technical center and one charter school.

Currently there are 762 Cranston students attending non-public schools. Some of these non-public schools located in Cranston are St. Mary's, St. Matthew's, Valley School and CJCR (Cranston-Johnston Catholic Regional). Other non-public schools outside Cranston that Cranston residents attend are LaSalle Academy, Bishop Hendricken, Moses Brown, St. Mary's Bay View, the Wheeler School and Providence Country Day.

Student attendance, according to Information Works, is at an average of 91.8% for the past two years. This figure is above the state average of 89.8%. The school's dropout rate, according to the same source, was 7.4% in 2004 and 6.6% in 2005. According to the SALT survey, teacher attendance for the school year 2003-2004 was 94%. In the school year 2004-2005, the figure was 95%.

According to the latest SALT survey (2004/2005), Cranston spends \$11,546 per student at CHSW. This expenditure compares to the state cost of \$12,036 per student. Approximately 70% of school spending is derived from local taxes, 29% from state funds, and 1% from the federal government. Fifty-four percent of the tax dollar is spent on local education. During the period 1990-2000, the Cranston Public Schools experienced a 21% increase in student enrollment. This increase was greater than the statewide growth in public schools.

Cranston High School West, one of the city's two high schools, is a four-year comprehensive high school that opened its doors in 1958.

An attached Career and Technical Center completes the 25-acre campus nestled in the western part of the City of Cranston. The school is comprised of a five building campus containing a central classroom building, the Cranston Area Career and Technical Center, a gymnasium, an industrial arts building, and an auditorium-music center. The school grounds also include six tennis courts, baseball field, and track and football fields.

Cranston High School West has 167 professional staff members who work with the student population of approximately 1,800. Of the total school population, .07% come from out of district to attend the Career and Technical Center. The percentage of students taking upper level courses at CHSW is approximately 12.1%. This number includes students who are taking one honors course in ninth grade to those taking one or more Advanced Placement course in the twelfth grade. Caucasians make up 94% of the student population, Hispanic 3%, Asian 2%, and African-American 1%. The curriculum is characterized by flexibility and comprehensiveness. This is accomplished through a number of curriculum designs: Advanced Placement, Honors, College Preparatory and Career and Technical choices. Currently, 21% of CHSW students have IEPs.

Page 3

Cranston High School West School and Community Profile

Individual student programs are developed to meet specific student

needs. Students also have the opportunity to earn college credits in the following courses: College Composition, Economics, Chemistry, Physics, American Government, Italian, French, and Spanish as a result of early enrollment partnerships with Rhode Island College and the University of Rhode Island. The Program of Studies encompasses 203 different courses. All courses are geared toward student academic interests. The professional staff consists of teachers, administrators, and various specialists who provide a wide-range of ancillary services. The overall student to teacher classroom ratio is 11 to 1 with an average class size of approximately 24 students. Every year, CHSW has representation in the National Honor Society and the Rhode Island Honor Society.

The total credits needed to graduate from Cranston High School West is 19, and will increase to 20 with the class of 2008. Students are required to be annually enrolled in a minimum of five major courses, and are encouraged to take up to six major subjects. Students are encouraged to pursue as demanding a program as possible to prepare them for the rigors of life after high school. Mandated by the No Child Left Behind Act, a Personal Literacy Plan provides a reading program for ninth and tenth graders with intensive needs. Beginning with the class of 2008, students are also required to collect evidence of demonstrated proficiency in all six of our School-wide Expectations for student learning and store this work in a personal digital proficiency portfolio.

The Cranston West schedule consists of a seven (7) day, six period rotation. The school day consists of six (6) fifty (50) minute classes with a fourteen (14) minute advisory held after the first period every day. Each period meets six (6) times in a seven-day cycle. Students have a 20-minute lunch period and five (5) minute passing time between periods. At present, common planning time is scheduled for career and technical teachers, the ninth grade teams, and for the literacy team. All disciplines hold monthly department meetings.

A plethora of evaluation and assessment tools are used at CHSW and the Career and Technical Center, including discipline specific writing portfolios, long and short-term alternate assessment projects, and traditional tests and quizzes. Standards-based instruction and rubrics complement Cranston West's involvement in the Pittsburgh Project's Institute for Learning. CHSW is a standards-based school that focuses on Clear Expectations, Academic Rigor and Accountable Talk. The school schedules Learning Walks periodically and invites all members of the faculty to participate. During the last four years, CHSW has expanded its focus and is working to improve literacy skills using the content areas. Members of the staff are being trained by the reading specialist and the

Institute For Learning to incorporate specific techniques to accomplish this task. These members serve as mentors to other teachers.

Cranston High School West administers the following standardized tests: the Preliminary Scholastic Aptitude Test (PSAT), the Scholastic Aptitude Test (SAT), Advanced Placement exams (AP), the American High School Math Exam, and the Rhode Island State Assessment Program. During the 2004-05 school year, 62% of graduating seniors took the SAT. For 2004-05, the average scores were 510 (verbal) and 517 (math) compared to the state average of 503 (verbal) and 505 (math), and the national average of 508 (verbal) and 520 (math). The Rhode Island State Assessment given to 11th graders in 2004 labeled Cranston High School West as a High Performing/Improving school, according to the state's definition, and in 2005, High Performing with Caution.

Following graduation, students from CHSW follow many paths. Ninety percent of the class of 2005 entered post-secondary institutions, with 53% entering four-year colleges. Thirty-seven percent entered two-year colleges, 1% entered the military, 8% entered the work force, and 1% was undecided.

Cranston High School West is proud of the many academic, athletic, and extra-curricular achievements and awards that its students receive. These various activities ensure that students have the

opportunity to have an academic and social balance to their high school experience. Some academic awards include: National Ocean Science Bowl, Math Team, Science Olympiad, Debate and Future Problem Solvers. West students consistently earn medals and keys in the Regional and National Art Competitions. That Falcon Band and the West Chamber Choir are award-winning performance groups that have performed nationally and internationally. The West Wind school newspaper consistently earns top state honors, and for the past four years, the Career and Technical Center has won the most Skills U.S.A. and DECA medals in the state. In addition, in 2004-05 state championships went to the Girls' Softball Team, Girls' Tennis Team, the Girls' Cross Country Team, and the Falcon Football Team. In the same year, division titles were awarded to the Boys' Basketball Team (co-champs) and the Boys' Tennis Team, and in early 2005 the Wrestling Team became division champions.

In addition, Cranston High School West and the Cranston Area Career and Technical Center enjoy school partnerships with the Community College of Rhode Island, the University of Rhode Island, New England Technical Institute, Johnson & Wales University, and the Career Education Institute. School partnerships with local businesses for field study and internships include the Cornerstone Pre-School, Hope Alzheimer's, Cranston-Johnston Catholic Regional

School, Cedar Crest Nursing Home, Science Business Placement Program and the Trudeau Center.

The School Improvement Team of Cranston High School West (SIT) is a committee comprised of approximately 70 members, including faculty, administrators, students, parents, and representatives from the community. The SIT consistently plans and develops programs for school reform and professional development and works cooperatively with administrators, teachers, and students on various committees that oversee these initiatives. The SIT has taken an active role in the development of the school Mission Statement, School Wide Expectations, Digital Portfolio, and School Improvement Plan. Cranston High School West has a Faculty Senate which is comprised of teachers who meet on a monthly bases to discuss any issues or concerns that arise. Faculty members elect the president of the senate each year. He or she meets with the principal each month to discuss senate issues. Since these two important organizations meet monthly, most issues are handled in a proactive manner.
